EXPLANATORY

COMRADES:

In September, 1912, Governor Osborn delegated me with authority to prepare a Roster of the survivors of the Battle of Gettysburg living within the State of Michigan, without regard to the state they enlisted from.

In order to do this, and have a Roster anywhere near correct, I had to look up every applicant's war record, who went from this state; those who enlisted in other states, I took their word for it if they said they participated in that battle. I made a list of every Regiment, Infantry, cavalry and Artillery, both Union and Confederate, that was engaged in that battle, in order that I might verify any statement of those whose names I have placed on this Roster.

You may know what an undertaking this has been, when I say that it has taken me six months to collect these names. I advertised in many state papers and the soldiers' paper (National Tribune) and many other ways, that I might secure the names of Gettysburg survivors, living within the state. A great many applicants I had to reject for the reason they failed to comply with my request which was, "Were you in the battle, or a prisoner, or in a hospital at the time of the Battle? Was your Company in the Battle? Give name, Company, and Regiment. Six hundred failed to comply with the request, knowing that there never has been an accurate record of the Civil War veterans made yet. I wanted to get this as near correct as possible. I have taken the word of many, whose record I was unable to trace, believing that no veteran would say that he participated in the Battle if it was not so. If any misrepresented, it is up to them. I had to do a great deal of correspondence with the veterans and my postage was considerable, as very few would enclose a stamp for reply, which all wanted.

I will not say that I have the names of all the Gettysburg survivors now living in the state, or that their names are spelled correctly. Many of them were hardly able to write, and it was difficult to decipher their names, but I done the best possible, under the circumstances, and I think this Roster is as near accurate as can be procured.

To those comrades whose names I did not place upon this Roster I will say, I only wanted the names of the *Gettysburg Survivors*. The line had to be drawn, or take the whole of the twenty thousand veterans living in the State of Michigan.

Comrades, this is our last Gettysburg Semi Centennial. We never will see another. We can bid each other Good Bye, when we meet on the Old Battlefield. Think of the past, but hope for the future. God bless you all.

Fraternally,

A. H. BOIES,

Co. F. 4th Mich Inft'y.
